

Creation Process

Stages	Sketch, clay study, 3D scan, digital sculpt, render
Duration	14 months
Output	7 x 4K loops, 1 master scene file

From clay to screen

The artist first modelled the form in clay. It was scanned photogrammetrically, refined as a digital sculpt, then lit and rendered as seven synchronised loops, one for each screen.

Archival

Master files, renders and working documents are stored in the vault alongside this record, so future owners inherit the full creative history.

Demo document: sample content bundled with the web app and shown when the vault's on-chain documents cannot be loaded. It is not an official record.
